RIDER 3.0-R

GENERAL

Art. no.: L-1005-920-000

EAN: 4030281284772

Standard: EN 958:2017

E-class number: 40-02-01-90

Customs no.: 58063290

Data sheet

RIDER 3.0-R

The safest and most innovative via ferrata set on the market. The system's free-running steel cable clamp ensures that potential fall distances can be reduced by more than half.

- Free-running steel cable clamp for maximum ease of movement and greater via ferrata safety.
- RESISTOR carabiner with steel inlet at the crown for maximum abrasion protection
- Energy absorber functions even with 180 degree misuse (one carabiner on the cable and the second on the climbing harness), therefore no „short-circuiting“ possible

FEATURES

Colour:	black / orange
Max. service life:	10 Years

DIMENSIONS

Weight:	0,83 kg
---------	---------

MATERIAL

Material:	Polyamide, Aluminium, Stainless Steel
-----------	---------------------------------------
